

What is required to check-in?

- Upload proof of COVID-19 booster if eligible, or within one week of becoming eligible, to the [Patient Portal](#) (or medical/religious exemption).
- Upload proof of flu vaccination to the [Patient Portal](#) (or medical/religious exemption).
- Participate in pre-arrival testing in advance of arriving to campus.
 - Positive results only should be submitted to the [Patient Portal](#).
 - Negative results should simply be brought in person to the check-in center.
- Participate in arrival testing upon arriving to campus.
- New, incoming students for the Spring 2022 semester must also upload proof of a completed COVID-19 vaccination series to the [Patient Portal](#). Returning students **do not** need to re-enter or re-submit their initial COVID-19 vaccination series to the Patient Portal.
