

March 17, 2020

Dear Class of 2020,

Thank you for your messages. Keep them coming.

I want to reiterate to all of you [Dean Boise's message](#) that the Class of 2020's Commencement is very much on our minds. I know it is on yours.

We are thinking through many contingency plans for a memorable recognition of your graduation and achievements. Please do stay tuned and know that we will not give up on the essential need to congratulate and celebrate you.

Sarah
