

March 13, 2020

**Effective immediately, Aetna members will have access to the following resources:**

**Aetna will waive co-pays for all diagnostic testing related to COVID-19.** This policy will cover the test kit for patients who meet CDC guidelines for testing, which can be done in any approved laboratory location. Aetna will waive the member costs associated with diagnostic testing at any authorized location for all Commercial, Medicare and Medicaid lines of business. Self-insured plan sponsors will be able to opt-out of this program at their discretion.

**For the next 90 days, Aetna will offer zero co-pay telemedicine visits for any reason.** Aetna members should use telemedicine as their first line of defense in order to limit potential exposure in physician offices. Cost sharing will be waived for all video visits through the CVS MinuteClinic app, Aetna-covered Teladoc offerings and in-network providers delivering synchronous virtual care (live video-conferencing) for all Commercial plan designs. Self-insured plan sponsors will be able to opt-out of this program at their discretion.

**Through Aetna's Healing Better program, members who are diagnosed with COVID-19 will receive a care package** containing CVS over-the-counter medications to help relieve symptoms. The package will also include personal and household cleaning supplies to help keep others in the home protected from potential exposure.

Through existing care management programs, **Aetna will proactively reach out to members most at-risk for COVID-19.** Care managers will walk members through what they can do to protect themselves, where to get information on the virus, and where to go to get tested.
