

Jan. 26, 2021

Dear Students,

***This message is intended for students who plan to be in Dineen Hall or on the SU campus this spring.***

As we approach February 8 and our first day of in-person instruction, please be sure to review [Vice Chancellor Haynie's January 15 message](#) in its entirety. Please note that for the spring 2021 semester, the University is leading, monitoring and enforcing all aspects of the University's requirements for your safe return to campus.

Until you comply with those requirements, your student ID will not be activated, and you will be denied access to Dineen Hall and the SU campus, as well campus WiFi service and Blackboard. **If you have not otherwise been notified by SU, you should assume that you are cleared to be on the SU campus and that you will have access to campus technology services.**

Campus arrival testing and flu shots are available now at the Dome and Barnes Center at the Arch. Please track SU's requirements and your compliance with them on the [Student Patient Portal](#). Direct your questions to the Barnes Center at the Arch via email at [barnescenter@syr.edu](mailto:barnescenter@syr.edu) or by phone at 315.443.8000.

As conditions continue to evolve, please monitor your email and visit [the University's coronavirus information site](#) and—for College of Law-specific updates—our [Law Preparedness](#) page on the Path to Spring 2021. Please also stay abreast of [New York's State quarantine requirements](#) to ensure you have also complied with those requirements.

Best regards,

**Craig M. Boise**

Dean and Professor of Law
