

Jan. 4, 2021

Dear Colleagues,

Welcome back from the holidays and Orange Appreciation Days, and Happy New Year! As you know, pandemic conditions continue to prevail, and new cases are increasing across the nation, in New York State, and in Onondaga County.

Until directed otherwise, all functions that can be performed remotely will continue to be performed remotely. Accordingly, if your job functions do not require a physical presence on campus, you should continue your work from home. If you have any questions or concerns regarding your work, and whether you should plan to come to Dineen Hall at any time or from time to time, please consult with your immediate supervisor.

Please remember to complete your Daily Health Screening Questionnaire every day, regardless of your plans to come to campus. The form is available at the following link: https://syracuseuniversity.qualtrics.com/jfe/form/SV_6A3qntwF470qE1T. Completing this mandatory online Daily Health Screening Questionnaire is not only a New York State requirement, but the right thing to do for the health and safety of everyone on campus.

Thank you for all you do inside, and outside of, Dineen Hall.

Best regards,

Craig M. Boise

Dean and Professor | College of Law
