Dear Colleagues:

I write to remind us all that no visitors are permitted in Dineen Hall.

As you know, we have gone to great lengths to ensure that Dineen Hall is safely and primarily accessible to you and our students. To keep our community safe and healthy, and our campus open and accessible for as long as possible, please do not permit any visitor to enter the building.

If you expect a visitor, or if a visitor attempts to meet with you at Dineen Hall, please meet with them outside. Under no circumstances should you allow them to come inside.

Also, please remember to “mask up” at all times when in Dineen Hall.

Thank you all for your cooperation.

Best regards,

Craig M. Boise
