| 2023 - 2L Summer Associate | <p>Summer associates receive projects from every area in their office location. Although the realities of law practice mean that it is often easier to "parcel out" portions of litigation and legal research, Fredrikson's summer associates have the opportunity to work on and observe the transactional side of the practice as well. Our program is flexible: if you are interested in a particular area of law that is practiced within your office, you should be able to get projects from that area. Fredrikson's summer associates routinely have the opportunity to draft briefs and/or contracts. Summer associates are also invited to handle pro bono projects with assistance provided as needed by supervising attorneys. Throughout the summer, summer associates are invited on "field trips" with attorneys, which could include opportunities to attend closings, court arguments, witness depositions and/or client meetings.</p> | Apply Online | Not Listed | Application |

| 2023 Summer Associate Program (2L) - Wisconsin | <p>We've designed our program to give you a real sense of what it will be like to begin your legal career as an associate at Godfrey & Kahn, so that—when you do—you're ready to hit the ground running. We do this in three ways.</p> <p>First, we give summer associates meaningful assignments. The work you will do is part of Godfrey & Kahn's broader philosophy: judging our success by the success of our clients. Our associate attorneys don't do busy work—so we don't want you to, either. We strive to assign you projects we're handling for our actual clients, including pro bono matters like landlord/tenant disputes and civil-rights cases. We expect to incorporate your work into our final product. That is possible only when we give you the types of substantive opportunities we are also giving our associates. Second, we help you find your area of practice. Typically, your assignments will come from across the firm's practice areas so that you understand the type of work our attorneys do for our clients. Once you've identified practice areas that interest you, we work to help you dive in deeper, giving you more work and more personal interactions with the teams. Third, we mentor you. A good summer associate program doesn't end when you start your 3L year; it's the starting line for your career as an attorney. You will learn lessons about practice that you will use for the rest of your career and meet people you will know for the rest of your life. That is why it is important for you to interact and build professional relationships with our attorneys and staff. From one-on-one coffees and lunches with attorneys from across the firm, to the day-to-day feedback and written evaluations from the attorneys you work with, you will learn about the different teams and their members through "101" lunches and evening social events. And, guiding you through this process will be two attorneys assigned to you, personally. We hope that, when you join us as an attorney, you'll know people across the firm and start your job with some of the wisdom they've passed down to you.</p> | Apply Now | Cover Letter Resume Transcript | Application |

| <p>Summer Associate 2023</p> | <p>Williams Parker is seeking second year law students (2Ls) for its ten-week summer 2023 associate program. Our Summer Associate Program offers 2L students an opportunity to engage in intellectually stimulating work that is indicative of real associate life. It is designed to meet two goals: (i) to introduce you to life in Sarasota as a Williams Parker attorney, and (ii) to provide you with the experience and tools to ensure your long-term success at our firm or another law firm. We provide work assignments, client experiences, mentoring, and training that approximate those provided to younger associates. In addition, we provide ample opportunities for you to get to know and be known by firm attorneys in social and professional settings. We believe it is important to know the people with whom you will spend your career and to be comfortable with the decision to practice law with them. We've designed our Summer Associate Program to be an enjoyable, challenging experience which will allow both you and us to determine if you are the right fit for our firm. When we mutually come to that determination, then it is likely that we will have a long and successful working relationship. As a summer associate at Williams Parker, you'll join a team of experienced lawyers who care about your growth as a successful attorney. We strive to ensure your experience is rich with substantive work that both interests and challenges you and to provide you with invaluable guidance, feedback, and opportunities for networking and development. Our summer program is designed to give students a real sense of what it means to practice at Williams Parker—from legal research to brief writing to the "Big Project," you'll contribute to real work for real clients and experience all aspects of life at the firm. Our program attracts qualified candidates from a range of law schools, such as Boston, Cornell, Emory, Florida State, Georgetown, John Marshall, Stetson University, Texas A&M, University of Alabama, University of California—Berkeley, University of Florida, University of Michigan, University of Texas, University of Virginia, Vanderbilt, and Washington and Lee.</p> | <p>Apply Now</p> | <p>Not Listed</p> | <p>Application</p> |
